

Increased payment processing security and dispenser refresh

Protect your customers, increase the security and payment processing capabilities, and extend the life of your investment. Only Dresser Wayne provides upgrade kits to seamlessly integrate Payment Card Industry (PCI) PIN Transaction Security (PTS) 3.0-compliant iX Pay secure payment technology, while giving you the choice of optional features and future upgrade capability. And the kits allow an on-site refresh of our most popular dispenser models, extending the life of your Vista fuel dispensers.
